Subject Index, Volume 1 (March-December 1984)

ab = abstract

Administrator, community health nursing, 87, 93–94
Adolescents
  future time perspective of, 107–120
  health information needs of, 141–151
Advocacy, for unemployed clients, 78, 82–83
Aerobic exercise, 79
Affect Adjective Checklist, 204
Aged
  attitudes toward, 152–157
  health care needs of, 172, 223–231
  and poverty, 238
  programs funded for, 19
Aggregate, definition of, 195
Aggregate health risk, 210–222
Aggregate needs identification, 90–93, 227
American Academy of Pediatrics, 142
American Lung Association, 100, 233
American Nurses Association (ANA), 85
  Cabinet on Nursing Practice of, 127–128
  definition of community health nursing by, 85–86
  Division of Community Health Nursing, 25, 26, 130, 132
  National Nursing Agenda for Health Policy of, 82
  Social Policy Statement of, 212
  Standards of Gerontological Nursing of, 154
American Public Health Association (APHA), 25, 26, 85, 130, 131, 132
Anger, exploration of, 78, 79, 80
Anxiety, 78, 80, 202, 204, 207–208
Association of State and Territorial Directors of Nursing, 130

Birth weight, low, 70–71
Block grants, 19, 66, 68
Book reviews
  Crittenden: *Discharge planning for health care facilities,* 187–189
  Wright and Leahey: *Nurses and families: a guide to family assessment,* 125–126
Breast cancer, chemotherapy for, 202–209

Cable Health Network, 185–186 (ab)
Cable television, 186 (ab)
Calgary Family Assessment Model (CFAM), 125
CAPS, 184
Career advancement, 174–177
Caseworkers, foster care, 48–50
Centers for Disease Control, 29
Chemotherapy, side effects of, 202–209
Children's health, 4, 38–39, 45–53, 142, 172. *See also* Adolescents
Chronic diseases
  self-care for, 97–106
  and unemployment, 78
Client-oriented services, 90–91, 92–93
Client-responsive care, 131
Clinical nursing, 5–6, 7–9, 27
Clinicians in foster care, 50
Collaboration, definition of, 50
Community
  assessment of, 23, 26–27, 40–48, 169–173, 213–220
  as client, 211–212
  definition of, 26, 169
  population characteristics of, 214–216
Community-focused behaviors, 87
Community health centers (CHCs), 69
Community health councils, 197
Community health diagnosis, 23–35, 210–222
Community health nursing (CHN)
  changes in, 193–201
  definition of, 57–58, 85–87
  goals of, 27, 57–58, 85–95, 130–131, 132–133, 136, 137
  image of, 3–15, 198
  levels of practice of, 92–95, 131–133
  and public health program, 54–59
  research opportunities for, 232–236
  theory vs. practice of, 85–95
  See also Public health nursing
Community Health Participation Program, 39

Community health planning
as focus of nursing survey, 87–95
in other countries, 194
for student nurses, 168–173
systems analysis of, 22–36
Community nurse practitioner, 39
Comprehensive care, 54–55
Comprehensive Health Planning Act, 57
Conjoint Measurement-III program, 89
Conscientization, 38
Consultation, definition of, 50
Continuing education, 43–44
Coping process and the poor, 242–243
Cornell Parent Behavior Description Questionnaire (CPBD), 111–112, 114

Depression, 47, 80
Deprivation, relative, 76
Diagnostic related groups (DRG), 21–22, 68, 187
Discharge planning, 187–188
Distance learning, 39
District nurses, 198, 199
